

# **SFT10 Stapler and SHP10 Pinner**

**The SENC SFT10 Fine-Wire Stapler and the SHP10 Headless Pinner are extremely well balanced, lightweight, and powerful.**

---

## **SFT10 Applications:**

For upholstering, dust covers, cabinet backs, TV/stereo screening. Felt insulation, roofing felt, double glazing strips, light trim, and molding applications in on-site and manufactured housing. Also for automotive vinyl roofs and interior trim, shoes/leather goods, screen construction, picture frames, splash guards, crate labels, and toys.

---

## **SFT10 Features:**

- Drives 3/8" to 1/2" crown staples 1/4" to 5/8" long
- Balanced 2 to 2.2 lb. weight reduces fatigue
- Full variable speed control adjusts from a single shot to 1,600 cycles per minute
- Easy bottom loading with one-touch magazine release
- Long nose and streamlined barrel fit in tight places and provide excellent line-of-sight to the work area

---

## **SHP10 Applications:**

For molding, decorative trim, glazing strips, and window beading in on-site and manufactured housing. In furniture and cabinets: dowel and joint pinning, component holding during gluing, rattan furniture, mirror and picture frame assembly, blind pinning, drawer assembly, and toys.

---

## **SHP10 Features:**

- High load capacity (200 pins)
- Balanced 2.4 lb. weight reduces fatigue
- Easy bottom loading with one-touch magazine release
- Drives the smallest to the largest headless pins for a no-mar finish
- Long nose and streamlined barrel fit in tight places and provide excellent line-of-sight to the work area

# SFT10 Stapler and SHP10 Pinner

### SFT10 Tool Specifications:

Tool Weight: 2 lbs. (0.9 kg) to 2.2 lbs. (1 kg)  
 Height: 6-1/8" (155 mm)  
 Length: 8-5/8" (218 mm)  
 Width: 1-5/8" (41 mm)  
 Lip Length: 1" (25 mm)  
 Staple Capacity: 180  
 Operating Pressure: 75-100 p.s.i.g. (5.2-6.9 bar)  
 Hose Fitting: 1/4" NTP

### SFT10 Fastener Specifications:

Width: .030  
 Thickness: .0215  
 Gauge: 22

The SFT10-B (480003 and 480006 Automatic) will drive these 1/2" (13 mm) crown staples:

Lengths	Inches	1/4	5/16"	3/8"	1/2"
	Millimeters	6	8	10	13
Part No.		B04	B05	B06	B08

The SFT10-C (480001 and 480004 Automatic and 480007 long nose) 3/8" (10 mm) crown staples:

Lengths	Inches	1/4"	5/16"	3/8"	7/16"	1/2"	5/8"
	Millimeters	6	8	10	11	13	16
Part No.		C04	C05	C06	C07	C08	C10

**Note:** A2" Long Nose SFT10 is available and is 7-15/16" in

### SHP10 Tool Specifications:

Tool Weight: 2.4 lbs. (1 kg)  
 Height: 513/16" (148 mm)  
 Length: 8V (218 mm)  
 Width: 1-5/8" (41 mm)  
 Lip Length: 1/2" (13 mm)  
 Staple Capacity: 200 headless pins  
 Maximum Speed: 8 per second (cycles per second)  
 Operating Pressure: 75-100 p.s.i.g. (5.2-6.9 bar)  
 Hose Fitting: 1/4" NTP

### SHP10 Fastener Specifications:

Gauge: 23, .025" (.64 mm)

Lengths	Inches	1/2"	5/8"	3/4"
	Millimeters	13	16	19
Part No.		CZ08	CZJ0	C711
